✓ Progress by Working Group Leaders

MitoEAGLE Progress

Successfully completed deliverables

- Continuous training of researchers towards improved reproducibility of sample preparation and respirometric evaluation
- Guidelines for future research and recommendations for the evaluation of respiratory characteristics in human respirometric samples
- Training of researchers towards improved reproducibility of sample preparation and respirometric evaluation
- A multi-authored publication towards a unification of concepts and nomenclature in mitochondrial physiology and with recommendations of comparable standard protocols and procedures

MitoEAGLE Progress

Work in progress

- Optimally harmonise protocols across research groups
- Qualitative and quantitative evaluation of results obtained in ongoing studies by comparison with a reference sample
- A joint publication documenting the results of the MitoEAGLE-PT
- A library of protocols for sample preparation and examination by respirometry
- A continuously updated MITOEAGLE database for the use as reference data and guideline towards application of optimized protocols, ultimately leading towards standardization

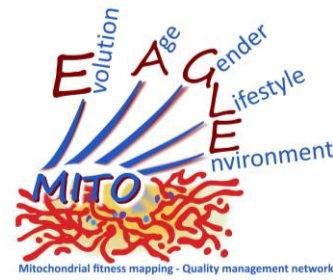

MitoEAGLE Progress

Expected by the end of the action, put focus on finalization of:

- An expanded MitoEAGLE database
- The MitoEAGLE data management system
- Initiate applications for funding to support international collaborative research projects
- Present and publish results of collaborative research projects within the COST Action, particularly related to STSMs supported by the Action
- Guidelines as to the optimum use of a reference sample for determination of respiration and related parameters of interest

Scientific planning

- Scientific strategy: Discussed in WG Session
- Budget: Suggestion to keep the same budget structure as previously
- Future events: WG and MC Meeting in Obergurgl 2020
Satellite Training School in Obergurgl 2020
Future of MiPevents – beyond MitoEAGLE
- Dissemination planning:
Any special disseminations that should be planned for the next period?

Voting summary

- Shifting of money: Use remaining Training School budget for Meeting Category
- Keep budget structure for the GP5
- Rotation of WG leaders for WG1 and WG3

**Thank you very much for
your cooperation and
another successful
MitoEAGLE year**
