

Advanced Lecture Course on Oncometabolism

From Conceptual Knowledge to Clinical Applications

Ref.: Sponsoring the FEBS Advanced Lecture Course on Oncometabolism: From Conceptual Knowledge to Clinical Applications

Dear Sirs,

The European Federation of Biochemical Societies (FEBS) has honoured us by choosing our proposal to organize an Advanced Lecture Course on Oncometabolism, on June 18-24, 2017, in Figueira da Foz, Portugal.

This 6-day course will provide the participants with a comprehensive overview of established and emerging topics in the fast-growing field of oncometabolism (see attached programme).

Besides 21 confirmed invited speakers, we expect 100 participants from all over the world, all sharing a strong interest in oncobiology, metabolism and therapeutics. The participants may range from doctoral students to clinicians, as well as senior researchers.

Young and more experienced scientists will benefit from a combination of tutorials, designed to introduce a specific topic, with lectures on the latest developments, all delivered by some of the best international experts of this scientific field (see official poster on page 3 of this document, further information can be seen in www.febsoncometabolism2017.eu). The scientific programme includes also poster sessions and selected short talks, as well as a Meet the Expert session (over coffee, cheese and Port wine).

The organizers of this course. Dr Ana Urbano, from the Department of Life Sciences, University of Coimbra, Portugal, and Dr Paulo J. Oliveira, from the Center for Neuroscience and Cell Biology (CNC), University of Coimbra, Portugal, have a large experience in the organization of scientific meetings (see page 2) and a very good publication track record in the oncometabolism field. Dr Oliveira is also Vice-President of the European Society of Clinical Investigation.

We believe this is an outstanding opportunity for a company like yours to present products and technologies in the field of metabolism, cell biology, cancer biology and therapeutics to potential customers, whilst attending a one-of-a-kind meeting where the most recent developments will be discussed.

The table on page 2 contains examples of sponsoring opportunities. Please contact us (pauloliv@cnc.uc.pt or info@febsoncometabolism2017.eu) if you need more details or to propose a specific arrangement.

Thank you for your attention and I hope I can count on you for sponsorship.
Best regards

Paulo J. Oliveira, Ph.D.
Course co-organizer

18-24 June 2017 | Figueira da Foz, Portugal | Hotel Mercure

Value (23% tax must be added)	Course materials and website	Brochure in course bag	Link in website	Registration for one participant*	Stand
250 Euros	Logo only	Yes (one)	Yes	No	No
500 Euros	1/8 of page	Yes (one)	Yes	No	No
1,000 Euros	1/8 of page	Yes (one)	Yes	Yes	No
1,500 Euros	Half page	Yes (one)	Yes	Yes	Yes
2,500 Euros	Full page	Yes (two)	Yes	Yes	Yes
Offer of bags	1/8 of page	Yes (one)	Yes	No	No
Offer of ID badges and lanyards	1/8 of page	Yes (one)	Yes	No	No
Offer of pens, notebooks and/or other materials	1/8 of page	Yes (one)	Yes	No	No
Sponsoring of the Meet the Experts Session (over coffee, cheese and Port wine) - 1,500 Euros (already includes advertising at the session venue)	Half page	Yes	Yes	Yes	No

* Includes course materials, access to meals and social program. Does NOT include accommodation.

Organizers experience in scientific meetings

1. April 27-29, 2005 – Organization of the Meeting “Mitochondria: Between Life and Death” (International Courses on Toxicology 2005) at the Center for Neurosciences and Cell Biology, University of Coimbra.
2. March 22-24, 2006 – Organization of the Meeting “Smart Toxicology: Subcellular Targets of Anti-Cancer Therapy” (International Courses on Toxicology 2006) at the Center for Neurosciences and Cell Biology, University of Coimbra.
3. March 21-23, 2007 - Organization of the Meeting “Stem cells as a Tool in Toxicology” (International Courses on Toxicology 2007) at the Center for Neurosciences and Cell Biology, University of Coimbra.
4. April 9-11, 2008 - Organization of the Meeting “Metabolic Toxicology, From Pathway to Organism” (International Courses on Toxicology 2008) at the Center for Neurosciences and Cell Biology, University of Coimbra.
5. May 5-9, 2009 - Organization of the Meeting “Mitochondria: Between Life and Death” (International Courses on Toxicology 2009) at the Center for Neurosciences and Cell Biology, University of Coimbra.
6. May 11-14, 2010 - Organization of the Meeting “Survival or Death as a Matter of Fat” (International Courses on Toxicology 2010) at the Center for Neurosciences and Cell Biology, University of Coimbra.
7. September 26-28, 2010 – Member of the Organizing Committee and Programme Committee of the 16th Charles Heidelberger Symposium on Cancer Research, which was held in Coimbra, Portugal, in September 26–28, 2010
8. March 22, 23, 2012 – Organization of Workshop “Mitochondria in Health and Disease”, part of the Annual Meeting of the European Society of Clinical Investigation, Budapest, Hungary.
9. April 17-20, 2013 – President of the Local Organization of the 47th Annual Meeting of the European Society for Clinical Investigation and Organization of the workshop “Mitochondrial Physiology: From Basic Research to the Clinic”, Albufeira, Portugal
10. April 28-May 2, 2014 - Organization of Workshop “Mitochondrial Translational Medicine”, part of the Annual Meeting of the European Society of Clinical Investigation, Utrecht, the Netherlands.
11. November 21, 2014 – Co-organizer of the Workshop “Integrating Biomarkers and Cell Physiology for Metabolic Profiling: Next Generation Approaches and Technologies”, Biocant Park, Portugal
12. December 17-20, 2014 – President/Chair of the XVIII Congress of the Portuguese Biochemical Society, Coimbra, Portugal
13. February 2,3, 2015 – Chair of the Meeting “Cancer Epigenetics and Metabolism: Connecting the Dots”, Biocant Park, Portugal
14. May 27-May 30, 2015 - Organization of Workshop “Mitochondria: from Organelle to Patient”, part of the Annual Meeting of the European Society of Clinical Investigation, Cluj, Romania.
15. April 27-May 29, 2019 - Organization of Workshop “Mitochondria in Health and Disease”, part of the Annual Meeting of the European Society of Clinical Investigation, Paris, France
